

Title I Schools are Required to:

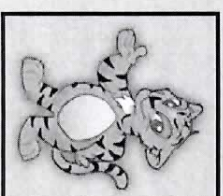

- Develop jointly with parents a written Parent Involvement Plan.
- Hold an annual meeting to inform parents of the school's participation in the Title I program and their rights to be involved in school, and to explain the requirements of Title I.
- Develop jointly with parents a School-Parent Compact. The compact must state how parents, the entire school staff and students will share in the responsibility for improved student achievement and must be discussed during a parent/teacher conference.
- Provide staff training on Parent Involvement.
- Provide training and materials to help parents work with their children.
- Provide timely information to parents about the Title I program and offer flexible meeting times.
- Provide (if requested) opportunities for regular meetings that allow parents to participate (as appropriate) in decisions about their child's education and respond to suggestions.
- Ensure that information sent to parents is in a format and language that parents can understand.

Seminole County Public Schools

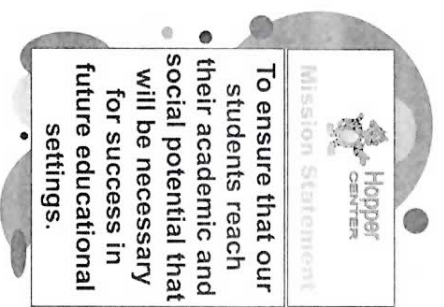

This Plan has been jointly developed and agreed upon by our staff and parents. It reflects the goals of our Title I Parent Involvement Plan.

What is Title I?

Seminole County Public Schools (SCPS) receives an annual entitlement allocation of federal dollars to provide resources to meet the purpose of Title I. Schools that have high percentages of children who qualify for free or reduced lunch receive an allocation, which is spent on resources to support the purpose of Title I and the goals of their School Improvement Plan. These funds are above and beyond the district funds given to schools and are used to enhance student achievement. In Seminole County, Title I serves (20) public elementary schools.

Parental Involvement

Mission Statement

Parents are a Critical Part of

Our School Team

Hopper Center encourages our parents to participate in our school community through a wide range of Family Involvement opportunities. Parents are encouraged to become active members of SAC, and PTA committees as well as become a school based Dividend volunteer. Additional parent trainings, information meetings and family events are planned for varying times of the day, throughout the school year to accommodate family needs and schedules.

Family Involvement Opportunities for Parents:

- School Advisory Council (SAC)
- Parent Teacher Association (PTA)
- Dividend Volunteer
- Family Media Nights
- Parent Resource Center
- FCAT Family Nights

An annual Climate Parent Survey is available to all of our families for feedback and suggestions.

Parent / Teacher Conference

Conferences are one of the most important ways parents and teachers communicate and work together. A teacher/parent conference is a two-way exchange of information about your child and may occur at any time during the year. Parents are able to share information about their child's special interests and discuss their child's academic progress. Teachers will share ideas and suggestions on how parents best can help their child at home. A translator is available upon request.

PBS at Hopper Center

PBS stands for Positive Behavior Support. It is a process for creating safer and more effective schools.

The behavior management system at Hopper Center uses a continuum of positive reinforcement and consequences for inappropriate behavior to facilitate the development of self-control within the students.

With the use of this behavior management system and the structured learning intervention, our ultimate goal is to prepare these students for successful academic and behavioral integration into the regular school environment.
